# CARLSBAD CAVERNS NATIONAL PARK

**Beauty and wonder; above and below.**

It was a challenge getting tickets. Our first day was a bust since the 1,000 ticket limit for the day was already spoken for by 8am! On day 2, we waited two hours in the freezing cold but finally scored tickets and it was 100% worth it!

EXPLORING THE

# CARLSBAD CAVERNS

## OUR FAVORITE THINGS TO SEE AND DO

### **Bats!**

Watch about 400,000 Brazilian free-tail bats emerge from Carlsbad Cavern during the summer

### **Walnut Canyon Desert Drive**

**Obtain reservations to experience Carlsbad Caverns**

**Hike the Chihuahuan Desert Nature Trail**

## HOW MANY DAYS WILL YOU NEED

I recommend a minimum of 1 day in order to explore the Carlsbad Caverns National Park. It is conveniently located 45 minutes from Guadalupe Mountains National Park.
