DRY TORTUGAS NATIONAL PARK

Uncharted territory.

70 miles west of Key West, Florida lies one of North America's most inaccessible National Parks, the Dry Tortugas. One must take a boat or seaplane to visit! This 100-square mile park is mostly open water with seven small islands.

EXPLORING THE

DRY TORTUGAS

OUR FAVORITE THINGS TO SEE AND DO

Garden Key Beach

Queen conch sightings!

Snorkeling

The shallow and clear waters and white sands lend way to corals, tropical fish and queen conchs.

Historic Fort Jefferson

The islands crown jewel. It was once a prison during the Civil War and built to protect one of the most strategic deepwater anchorages in North America. Definitely allow plenty of time to explore this fortress!

HOW MANY DAYS WILL YOU NEED

I recommend a minimum of 1 day in order to explore the Dry Tortugas National Park.
