

EXPLORING NATIONAL PARKS

ARCHES

38.7331° N
109.5925° W

“Delicate Arch” is a widely recognized symbol of the state of Utah - seen on license plates, postcards and on pretty much every everything that says Utah!

The light opening beneath the arch is 46 feet high and 32 feet wide, making it the largest free-standing arch in the park - you can barely see us standing in the middle!

The trail is 3 miles round trip - a fairly steep and steady uphill climb but worth it in every way!
